

MUMIA Abou Jamal, le 21-03-2021

Il est malade, atteint en plus de Covid 19 et toujours en prison.

Mail à :

- 1 - Tom WOLF, gouverneur de Pennsylvanie – brunelle.michael@gmail.com –
- 2 - John WETZEL, Secrétaire d'état aux affaires pénitentiaires de Pennsylvanie – jowetzel@state.pa.us
- 3 - Larry KRASNER, Procureur de Philadelphie – justice@phila.gov

Bonjour - Good Morning

To Mr Tom WOLF, John WETZEL and Larry KRASNER.

I'm from Martinique, a country in the Caribbean area. I speak French, but I can try to understand, speak and write American English.

I didn't hear of Mumia Abu Jamal a long time ago. Today, I have news of this man, this poor black American citizen..

Voici en transfert une copie du message que je dois vous faire parvenir - The mail to you as I have to write a copy is :

Nous sommes extrêmement préoccupés de l'état de santé de Mumia Abu Jamal,...

"We are extremely worried about Mumia Abu Jamal's state of health. He has tested positive for Covid19 and has been diagnosed with congestive heart failure. Taking into consideration his medical history (hepatitis C) he is specially vulnerable. If he remains incarcerated his chances of survival are extremely low. Because of this we request his immediate hospitalisation so that he may receive whatever treatment is necessary in the care of independent professionals. We would also request his release from prison as soon as his health allows him to re-join his family. To avoid massive contamination through the Covid pandemic, we would also request that all sick elderly inmates should be freed."

Ayez pitié de votre concitoyen ! Good bless everybody !
